

12–18? This is your chance to help shape something new in your area.

We've got £20,000 from South Norfolk Council to help create a club for young people — but we don't want adults guessing what you'd actually enjoy. Gaming nights? Sports? Music? Food? Creative stuff? A place to hang out with friends? Tell us what would make it worth showing up.

Your ideas can make a real difference, and every suggestion will be considered. It's quick, free, and anonymous — you don't need to give your name or contact details.

Scan the QR code and tell us what kind of club you want.
